

Model 430 Wine Storage

Better wine storage conditions for the bottle ultimately means better enjoyment in the glass. Model 430 is our largest Wine Storage unit with a capacity of 147 (750 ml) bottles. Two independent storage zones maintain the temperature and humidity that wine – and wine lovers – require. Model 430 is available in the framed, overlay and stainless steel design applications and in three stainless steel finishes.

Model 430/O Overlay shown.

Features

- Framed, overlay and stainless steel design applications
- Standard full-view glass door with UV protection—solid door and high altitude glass door model options available
- Two independent temperature zones with ideal humidity
- Sturdy, rustproof wire shelves accommodate standard 750 ml bottles, half-bottles, as well as magnums
- Five top-zone standard shelves with 50 (750 ml) bottle capacity
- Nine bottom-zone standard shelves with 90 (750 ml) bottle capacity
- Illuminated display shelf holds 750 ml bottles or magnums
- Discreet low voltage interior lighting
- Optional lock and tie-in to home security system

- 11" Heavy-duty classic stainless steel grille
- Classic stainless steel and white side panels available for free-standing applications
- Extended full-length framed handle
- Tubular handles in classic, platinum and carbon stainless steel for overlay design
- Polished chrome handle for overlay design
- UL approved lock

Enemies of Wine

Heat – Two independent storage zones can be set in a range of 38°F to 65°F, with one-degree digital accuracy.

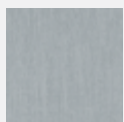

Light – UV resistant bronze tinted glass shields wines from harmful rays.

Humidity – Dual evaporators, one for each storage zone, maintain steady, moderate humidity.

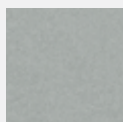

Vibration – Sub-Zero's quiet compressor lets wines rest undisturbed. Shelves glide out smoothly, providing access without agitating the wine.

*750 ml bottles.

Installation Notes

For framed and overlay models, you will be adding a door panel for a custom look. Overlay models also allow you to match surrounding cabinetry hardware, and the panel grille accepts a custom panel insert.

Complete installation specifications, including panel sizes, can be found on our website, subzero.com.
